

Luca Lazcano | Jr Web Developer

Computer Engineering | Argentina | github.com/lazcanoluca | lazcanoluca@gmail.com | +54 9 11 7365 3431

I am a 21 years old student of computer engineering at the University of Buenos Aires in Argentina. I'm a self-taught web developer, with a focus on frontend, but eager to keep learning new technologies. I am available for remote positions.

Education

University of Buenos Aires Computer and Electronics Engineering	2019 - present
Courses: Algorithms and Data Structures, Digital Electronics, Mathematics and Physics.	
Polytechnic High School "José Toschke" Technician Degree in Electronics	2014 - 2019
Basics of electrical engineering, Arduino programming, robotics, 3D printing. Top grades: 9.8/10.	
Bilingual French-Spanish School "Lycée Jean Mermoz"	2007 - 2013

Training

Freecodecamp	Responsive Web Design, JavaScript Algorithms, Frontend Development.
---------------------	---

Projects

My portfolio	lazcanoluca.github.io/portfolio
Solar System Catalog	Browse celestial objects, apply filters to customize results.
Data Structures	Implemented stack, queue, list, BST and hash table in C.

Tech skills

Languages	HTML & CSS, JavaScript, C, Python, Haskell.
Technologies	React.

Competitions and prizes

Physics National Olympiad	2019
Awarded 1st prize in the Level 1 category.	
National Robotics League	2018 & 2019
Winners of the Patagonia area. Classified and competed on the national tournament.	
Science, Technology and Arts National Fair	2015 & 2016
1st prize in the junior technology category. Honorable mention.	

Volunteering

University of Buenos Aires Teaching Assistant at the "Algorithms and Data Structures II" course	Aug 2012 - present
Responsibilities include answering student's questions relating to technical content, guide them on solving exercises and writing class notes to be published for the course students.
